

## STANDARD TELEPHONES

CALL UP—  
STANDARD EXCHANGE.  
Bell 56, to communicate with any  
department.

RANDOM  
REFERENCES

Thursday, Friday and Saturday, September 14-15 and 16, N. L. Spurgeon Millinery Co., will have on display a complete line of pattern and street hats from the eastern markets. All cordially invited.

Marriages licenses were issued by County Clerk Samuel G. Dye yesterday to Daniel Festin, of Ogden, and Magda Petrine Peterson, of Salt Lake; James C. Strafford and Marguerite Riser, both of this city.

WANTED—Clean white rags at the Standard.

J. R. Jones and wife of Pocatello, Idaho, are visiting Ogden friends.

Advertisers must have their copy for the Evening Standard the evening before the day on which the advertisement is to appear, in order to insure publication.

Frank Berry, former manager of the Royal Dancing academy, has leased the old skating rink on Grant avenue for the season and is engaged in remodeling it into a modern dancing academy. It will be open this season under the name of the new Colonial, and Manager Berry says he will have 10,000 square feet of dancing surface.

Thomas Sherry, of Lucin, is a business visitor in the city.

Gerald Abels, the local abstractor, leaves this morning for Spokane, Wash., where he will look after the settling up of an estate. He expects to be absent from the city about eight days.

Mrs. E. E. Knox, of Ely, Nevada, is spending a few days with friends in Ogden.

F. D. McQueen and wife, of Baker, Nevada, arrived yesterday for a few days' visit with Ogden relatives and friends.

Mrs. Jed Stanford is visiting with her sister, Mrs. McKinnon, at Randolph, Utah. Mr. Stanford accompanied his wife to Randolph but returned several days ago.

Mrs. Lena Case has returned to her home in this city after a visit with relatives at Evanston, Wyo.

Mrs. Ray Linsley, who has been visiting in Evanston, Wyo., has returned home.

Mrs. Maud L. Robinson and children have gone to Provo to spend the winter with the former's sister, Mrs. J. M. Jones.

Miss Florence Duff, of Provo, is visiting friends in this city.

(Continued on Page Seven.)

## DEEDS, NOT WORDS.

Ogden People Have Absolute Proof of Deeds at Home.

It's not words but deeds that prove true merit.

The deeds of Doan's Kidney Pills, for Ogden kidney sufferers, have made their local reputation.

Proof lies in the testimony of Ogden people who have been cured to stay cured.

Mrs. A. M. Hotaling, 2581 Grant Ave., Ogden, Utah, says: "For nearly three years I have known of Doan's Kidney Pills and whenever I feel that my kidneys need toning up, I take this remedy. A short time ago one of my relatives was afflicted with a weakness of the kidneys and although he was treated by physicians and used many preparations said to be good for such complaints, his condition became worse. Doan's Kidney Pills, procured from BADCON'S PHARMACY, were finally used and the contents of one box effected a complete cure. I trust that this statement will lead other kidney sufferers to give Doan's Kidney Pills a trial."

Mrs. Hotaling gave the above testimonial in July, 1906, and when interviewed on July 30, 1909, said: "The statement I gave in favor of Doan's Kidney Pills some time ago was correct in every particular. You may continue its publication."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

AMERICAN HORSES WIN.  
ST. CLOUD, France, Sept. 11.—American owned horses won one race and carried off three second places here today.

Nash Turner's Santa Lucia won the Prix de Montalville. La Hora, Polonaise and Dupples, all owned by W. K. Vanderbilt, finished second, respectively in the Prix de Garage, the Prix de Sanite Michael and the Prix de Nezel.

TEXTILE MILLS START.  
BOSTON, Sept. 11.—Nearly 25,000 persons engaged in the New England textile industry, resumed work today after various periods of idleness. Curtailment of output will continue for a time at some cotton and woolen centers.

CANAL COMPANIES WILL  
TAKE RESERVOIR STOCK

Mayor Glasmann Advises City Council That Irrigation Concerns Agree to Subscribe for the Balance of the Stock in the South Fork Project.

At the council meeting last night the report of Mayor Glasmann that at a meeting of the representatives of the canal companies of Weber county a resolution was passed by which the companies agreed to subscribe the balance of the stock in the South Fork Reservoir project, as proposed to them by the mayor and city council on or before October, was read and ordered placed on the table. The mayor also called attention to the fact that Postmaster Shurtliff desires the establishment of an arc light at the rear of the postoffice building. This matter was referred to the light committee.

Bonds for a number of licenses were presented and approved. The application for the licenses will now be presented to the district court for action. The applications are for the quarter-year beginning October 1.

O'Neill Gets Contract.  
The waterworks committee reported that the lowest bidder for the work of stripping the Cobble Creek dam site in South Fork canyon was that of the J. P. O'Neill Construction company, the amount being \$3,105. The council ordered that the contract be awarded to that company.

On the recommendation of the engineer and the street committee the council approved \$100 more for the grading and finishing of the roadway on Harrison avenue from Twenty-second street to the brow of the hill, near Ogden river.

The indemnity bond of the J. P. O'Neill Construction company on the contract for the building of the Cold Water canyon conduit was ordered released.

Miscellaneous Business.  
The waterworks department payrolls and claims were approved and ordered paid.

The clerk of the municipal court reported fines and forfeitures collected for the month of August in the sum of \$1,957.25.

C. W. Rupp and J. L. Whitaker were appointed to act as firemen on the recommendation of Fire Chief Canfield.

OGDEN TEAM IS  
PRACTICING DAILY

The members of the Ogden baseball club are indulging in daily workouts at the fair grounds in preparation for the five-game series with the Salt Lake team, of the Union league, which starts next Thursday afternoon, and continues over with a doubleheader on Sunday afternoon.

No game last Sunday left the Glimmen in need of work on the diamond and they are rapidly getting into excellent shape for the big doings of the latter part of this week. The teams will be without the excellent managerial leadership of "Dad" Glimmen in this series as the veteran reported for road work before the Salt Lake series was arranged and will go out on his first run tomorrow.

Nothing has as yet been heard from Alexander, the Sioux Indian backstop who was expected to work with Ogden in the coming series, and acting Manager Preine will probably telegraph for "Dutch" Lehr, the former Ogden catcher who went to the Green River, Wyo. team after the series in this city. Lehr would give additional strength to the team, both in the receiving and sticking department.

Manager Preine heard from Andy Jensen last evening in response to the message which was sent to the Brigham City hurler and it is quite certain that he will be on the job in this series. The services of another man may not be needed. With Jensen, Murphy and Preine to work in the outfield when one of the trio is not on duty in the box no additional men are needed. It being the intention to work Scott in the outfield with Lehr or Alexander at the receiving end.

Two of the Salt Lake players have departed for their winter homes and one or two others will leave before the opening game but the Salt Lake team will not be materially weakened. In addition to Lund, the recruit hurler who made such a good showing against the Boise team in the closing series last week, Manager Cooley has gathered in Barber and he will probably be worked against Ogden in one or two of the games.

## FAST MOTOR CAR SERVICE

Between Ogden and Salt Lake.  
Via Oregon Short Line. Leave Ogden, 8:30 a. m.; 1:30 p. m.; 7:30 p. m. Leave Salt Lake, 9:00 a. m.; 1:30 p. m.; 6:00 p. m. Fare one way, \$1.00. Round trip, \$1.50; good ten days. Exceedingly fast schedule of FORTY-FIVE MINUTES. No smoke, no cinders. TRY THEM.

YOUNG MEN ARE  
GIRDLING GLOBE

Traveling on an agreement to cover 10,000 miles and earn their way the entire distance, three young men who reside at LaPorte, Ind., arrived in this city yesterday and are seeking employment with a view to securing enough money to cover the cost of their journey and which will probably take them to the coast. The young men are Joseph Sunlin, W. O. Bright and E. F. Flynn. All three are young men, not one of the trio being more than 24 years

MAY USE ASPEN  
FORMAKING PAPER

E. R. Hodson, forest examiner of the national forest service here, has just returned from a trip through the Utah national forest where he has made an extensive examination of the quality of aspen timber there. Mr. Hodson says there are about 2,250,000 cords of aspen in the Uinta forest and that much of it is accessible to shipping points.

This species of timber is commonly known as "white pine" and it abounds quite prolifically in the western section of the country, particularly in Utah and Colorado. Heretofore the aspen had been used chiefly for fencing and fuel but there is a likelihood of it being utilized for the manufacture of paper pulp. It is the same as the poplar of the East that is used for paper-making and there is no question, says Mr. Hodson, but that it will be valuable here for the same purpose, once factories are established and the timber gathered from the forests. It makes a very high grade of paper and is in great demand in the eastern country.

As a result of Mr. Hodson's examination, the forest service will endeavor to interest some large paper company in the exploitation of the aspen timber of this country. It has been learned by Mr. Hodson that everything is propitious for the establishment of paper mills in the Uinta forest, there being many continuous tracts of aspen of fine quality in that vicinity. This is particularly true of the section of the country in the vicinity of the headwaters of the Strawberry river section.

It is anticipated that paper-making will appeal to the business interests of the western country and that as soon as it can be shown that every facility for enterprise exists, there will be no trouble in getting capital interested in building mills. There are but few paper mills in the west, most of them being in Oregon and Washington. The smallest pulp plants in operation now consumes 10,000 cords and produces approximately from 50,000 to 75,000 tons of pulp, valued at an average of \$20,000 to \$27,000 per ton. The officers of the forest service say they will lend every possible encouragement to the enterprise.

WEBER ACADEMY'S  
FORMAL OPENING

The formal opening of the Weber Academy for the school year took place this morning, although the members of the faculty were at the building yesterday to look after the registration of students. There was a general meeting of the students in the assembly hall this morning preceding the regular Academy session, and the following program was carried out:

1. Prelude.
2. Invocation.
3. Solo, Miss Elsie Shorten.
4. Address, D. O. McKay.
5. Clarinet solo, E. W. Nichols.
6. Remarks, Members of the Board.
7. Piano solo, Jean Benzie.
8. Remarks, Members of the Board.
9. Solo, Miss Shorten.
10. Benediction.

SUE ICE COMPANY  
FOR HEAVY DAMAGES

The F. W. Niebling company has brought suit against the James Coal & Ice company of this city for the purchase price of certain machinery such as is used in an artificial ice plant. It is claimed that on October 29, 1910, the local concern contracted for machinery aggregating an outlay of \$25,850.

On January 2, it is claimed, the defendant company cancelled the order and refused to carry out the terms of the contract made in October. This act is said to have damaged the Niebling company to the extent of \$22,220 and the concern seeks to recover that sum.

LUMBER COMPANY  
SUES ON MATERIAL BILL

Papers were filed yesterday in a suit which is being instituted by the Volker Lumber company against the Salt Lake & Ogden Railway company. The suit is for the balance of a bill for lumber and other materials, which was filed on September 27, 1910. Freeman contracted for certain building materials with which to erect a station house for the electric line at Washington and Thirtieth street. It is claimed in the complaint that

Fifty Season Tickets Free  
TO THE  
Four State Fair  
OGDEN, UTAH

To the first fifty persons giving the names of those persons who acted as and drew the salary of Vice-President of the United States each will receive a season ticket good for every day of the fair from September 22nd to 30th, both days inclusive. Remember there is no "catch" to this proposition and in order to make this matter plain we state many senators have acted as temporary chairmen of the senate during the temporary absence of the Vice-President. Such chairmen, however, have not been Vice-Presidents. Real Vice-Presidents are those who were elected as such or who succeeded to the Vice-Presidency when he died in office or when the Vice-President became President.

Every school history will give the names of the Vice-Presidents, but who can give the names of the men who acted as Vice-President when the latter died in office or became president of the United States? The first fifty correct answers each will get a season ticket to the Four State Fair.

## WHO ARE THE LUCKY ONES?

THE EVENING STANDARD.

there is still due on this contract the sum of \$108. The lumber company also claim a lien on the property dating from December 14, 1910.

DIVORCE COMPLAINT  
CHARGES CRUELTY

Suit has been started by Mary Murphy in which she asks a decree of divorce from John M. Murphy. It is alleged in the complaint that the couple were married in Salt Lake City on June 25, 1907, and that there are two minor children.

On August 7, of this year, claims Mrs. Murphy, the husband beat her and wounded her with his fists, after which he drove her from the house and threatened to kill her. This treatment was repeated on September 6, the husband in this instance using the fire shovel to further enforce his brutality, according to Mrs. Murphy's allegations.

She asked that in addition to her being granted a divorce she be given \$35 a month alimony, \$50 for attorney's fees, the costs of suit and custody of the minor children.

CHAUTAUQUA DIRECTORS  
SELECT COMMITTEES

A meeting of the directors of the Utah Chautauqua Assembly was held last evening and in addition to the appointment of committees, matters pertaining to next season's chautauqua were discussed. Rev. F. V. Fisher was selected as chairman of the general committee. The various committees, together with the members, are as follows:

Grounds—Dr. E. P. Mills, W. W. Henderson and J. S. Lewis.  
Arrangements—Rev. F. G. Brainerd, E. G. Gowans and Dr. S. W. Wherry.  
Advertising—F. M. Driggs, John Cuikey and Fred M. Nye.  
Executive—E. P. Mills, John M. Mills, Rev. F. V. Fisher, Rev. F. G. Brainerd and F. M. Driggs.  
Arrangements are already under way for a more elaborate Chautauqua assembly in Ogden next season.

## THE TIME TO ACT

is now. If your little one is not thriving in a normal and healthy manner. Don't experiment with Baby's stomach. Give the GRAEF-ENBERG CHILDREN'S PANACEA, as thousands of mothers before you have done, and watch the steady improvement. Many sleepless nights for you and the Baby will be saved. Druggists have been selling this medicine for over sixty years and we know of families where it has been used for successive generations of children.
